

Personal ATM / Debit MasterCard

Easy & Convenient

The Flagship Debit MasterCard works like checkbook. Every time you make a purchase, the amount of your purchase is deducted from your account right away. And there is no more need for two forms of identification or having to wait for check approval, making quick purchases simple and convenient.

Convenient Record Keeping

Your purchases appear on a detailed statement that includes the date, location, and amount of every transaction. So, you can easily track your expenses and file them for future reference.

24-Hour ATM Access

Need to check your balance? Transfer funds between accounts? Or, simply make a withdrawal? No problem. Your Debit MasterCard carries all the advantages of an ATM card at literally thousands of convenient locations.

How to Protect Your Identity!

The Flagship Business Debit Card comes with a personal identification number (PIN) and an optional photograph of the cardholder to help keep you safe from unauthorized purchases and identity theft. Flagship Community Bank's Photo I.D. Debit MasterCard protects your identity with a picture of you on the card. Ask us how you can swipe your card today and keep your identity safe tomorrow!
